**Point. Tap. Pay. And get back
on the road quickly
with Speedpass.**

More convenient than cash, faster than plastic
The Speedpass™ device conveniently fits on your
key ring so while you're on the go, you'll always be
able to point and pay. Simply point the Speedpass
device at the reader found at the pump or inside
the store, and you'll be able to pay for gas and
convenience store items in seconds.*

Simplifies life on the go
Speedpass links to any major credit
card or check card you already
have — just designate which one
you prefer on the attached application. Then
every time you make a purchase with Speedpass,
your charges will be automatically applied to the
credit card or check card of your choice.

Security and peace of mind
With Speedpass your credit card number and
personal account information are not stored in
our Speedpass device, so this information can't
be intercepted during a Speedpass transmission.
If your Speedpass is ever lost or stolen, just call
1-877-SPEEDPASS to deactivate — and you
don't have to cancel the card it's linked to.

Best of all, it's FREE
To enroll for a FREE Speedpass today! It's another
great way Exxon and Mobil are providing you with
speedy, rewarding purchases.
